

Hard cover, large format (9x12), 454 pages, 32 pages of full-color artwork, 650 black & white period photos, 3 maps. A superb photo coverage of the daring German recapture of Kharkov in early 1943 – largely by SS armored formations. Most of the exceptional photos have never been published before or are rare. The photos showcase German armor, uniforms and other military equipment - many are full page. Starting in December 1942, they take the reader through the many small actions across the Russian countryside and small villages, culminating in the street fighting for Kharkov in March of 1943. Their panoramic scope of the photographs will surprise and please the reader. If you enjoy photos of German armor, uniforms, equipment and known personalities, this book is for you. The 32 pages of artwork from Mr. Restayn are of his usual superb quality, showing the various German and Russian vehicles and aircraft which were employed in the fighting.
